Updates

VERSION 3.2

So many new icons, I lost count (x322)

VERSION 3.1

Adding new shotgun icons and more as a celebration of the positive review... finally!

VERSION 3.0

How could you give us a bad review for the low number of flags??? Did you really think you could bully us into working for free for you? Anyways... Here are a bunch of new ones.

We also updated the project structure and icon naming to align with our other offerings, which you won't be purchasing. Sorry

VERSION 2.9

A boat and Earth icon. We are not kidding.

VERSION 2.8

We added 38 fantasy creature icons... just because we had them lying on our disk.

VERSION 2.7

67 new modular wall pieces. It's useless, but it's your request!

VERSION 2.6

About 61 new icons that you begged us to do. Some of them are just HD RemakeTM, though.

VERSION 2.5

New 32 ugly Icons (Farm, Clothes, Common)

VERSION 2.4

New 56 unnecessary icons (Tools, Electronics, Coffee, Sport)

VERSION 2.3

Another 66 random icons that you needed (Magic, Clothes, Survival...)

VERSION 2.2

More than a hundred completely random icons that you have requested, cheers

VERSION 2.1

Some new useless icons

VERSION 2.0

You have requested a lot of new icons, and we are very thankful for that. That's why we added five new varieties of potatoes.

VERSION 1.8

Some new icons that you weren't asking for. Also, the foldersTM ver. 3.0 were added

VERSION 1.3

Another 30 useless icons! You wanted a pistol, bow, and gas so we have added a cloud and a suitcase. Stay safe!

VERSION 1.2

For all of those few lovely people who bought our pack: We love you! Another 25 useless icons are heading your way! You wanted a pickaxe, gas mask, and a map, so we have added rock and snow to the rock. Stay safe!
